Product code	43-52303-393-92M
Safety class	EN ISO 20345: S3 SRC HRO
Toecap	Composite
Penetration Resistant Midsole	Steel
Sole material	Double density PU/RU, TractionPro
Upper material	Microfiber

An ankle boot with a composite toe cap, steel midsole protection and memory foam to support the ankle. Excellent grip and wear resistance is guaranteed by the TractionPro friction sole which has a sporty profile to provide great grip and shock absorption, especially in areas where the foot needs support. The FlexEnergy® heel component absorbs kinetic energy and returns more than 55% of that energy to the wearer.
