Safety class	EN ISO 20345: S3 SRC HRO CI
Toecap	Aluminium
Penetration Resistant Midsole	Steel
Sole material	Double density PU/RU
Upper material	PU coated leather
Last	48

The upper materials of these hi-top boots are durable and water-repellent PU-coated leather and microfiber, which make the shoes breathable even in damp conditions. Their new PrimaLoft® insulation, together with the teddy lining and aluminium insoles, make the Nord boots even more comfortable to wear than before. The high-friction rubber soles are abrasion-resistant and able to retain their flexibility and grip even in freezing conditions. High-friction soles can withstand temperatures of up to 300 °C.
